What goals do you hope to accomplish, if you are elected to serve?

I would be the voice and ears for realtors who want to contribute to the improving of the real estate industry in the services to the consumers, as much as the benefits to the local community. I would want to be a person who can share the real estate experiences, and my personal experiences to other members. I want to be a testimony of the possibilities of the American Dreams. I want to let everyone know, American Dreams of owning Real Estate, and building up wealth are real, and still part of our life style in America.
