Earned the NAR C2EX Endosed certification.

What goals do you hope to accomplish, if you are elected to serve?

I have always been a members servant. I talk to my peers and ask them what is important to them for them to be successful in their lives and businesses. Always want to help them advance to the next level in our profession with ethics, technology and encourage all to continue with the educational classes offered local, state and at NAR meetings plus all designation & certification classes. Mentor and help them realize that staying in step with the latest rules and regulations we are governed by and the importance of contributing to RPAC as well as keeping up with the issues. I am a Major RPAC Contributor.

Encourage others to contribute by explaining the issues that we support for Private Property Rights so

they know why they are contributing and where the \$\$\$ goes. Always be ready to share our knowledge that we acquire from going to local, state and National meetings. Be the in between local, state and National Association information highway.
