

Dao Alderman is the real estate broker for the past 12 years in residential and commercial real estate in Tampa Florida. She's providing the real estate services to either buyers or sellers. She's also property manager of her own rental properties. She is active member in Commercial Alliance Committee, Global Real Estate Council, and Government Affairs Committee with the Great Tampa Realtors Association (GTR). She's also active and member in similar committees in Florida Association and National Association of Realtors (NAR).

She believes she must involve and be active with the Associations in all three levels, because she has seen the positive outcomes from the Associations as much as to the realtors, who are involved and volunteered with these associations. The realtors can bring in the voices, and suggestions for the improvements, or changes, in the legislative regulations, and laws at the local, or at the state, or even to the national level. These regulations and laws can impact positively to real estate owners, citizens, and investors in Florida.

Dao Alderman is running for the position of board directors. She believes She would have the opportunity to present the voices of the GTR members, whenever they have concerns, wishes, or suggestions back to the board of directors. These ideas can be combined into working programs for the members.

Dao Alderman believes the GTR members are the assets to the Associations, the Association should always support, and provide to the members the real estate related educations, the technology to increase and generate the business to the members, and the opportunities to network with other realtors in all levels, to stabilize the real estate markets while assisting the consumers with the upmost professional, ethical, and efficiency.

Vote for Dao Alderman into the board of directors, she would be the voice of the members to the Great Tampa Realtors, she would be devoting member to the successes of all members in real estate. She appreciates all the realtors, and staffs of Great Tampa Realtors Association, who are her great supports and friends.
