

MARGOT DUPRE

Land Acquisition Project Manager

PROFILE

I can promise that I will work harder than anyone else and take more of the responsibility and follow directions like no other while being able to stand on my own. I work on and off the clock to make sure timelines get met.

I am loyal, trustworthy, reliable, confident, and annoyingly optimistic. I see opportunity around every corner and curiosity hasn't killed me yet. I have strong leadership skills with patience, compassion, and humility. I believe that leadership has more servitude than leading.
